

Affordable. Simple. Dramatic. Effective

LIGHTING FOR **IMPACT**

Direct Mount LED Cooler Lighting

Looking for an easy cooler or beer cave lighting update to *dramatically improve* your merchandising? Are you interested in reducing energy costs? Lighting for Impact has a bright idea to achieve both with outstanding results. Not only will you be saving up to 85 percent on energy costs compared to fluorescent tube ballast combinations, but your cooler section will be refreshed with sharp and crisp, attention-getting LED lighting.

Features & Benefits:

- Installs easily, and immediately updates the aesthetic appearance and shopper experience
- Qualifies for rebate program with most major power companies in the United States
- Approximately 85 percent energy savings — delivering a return on investment in 14 months
- Does not emit mercury or heat — and is rated food safe
- Estimated 9-year life span and includes a 3-year warranty
