

LIGHTING FOR **IMPACT**

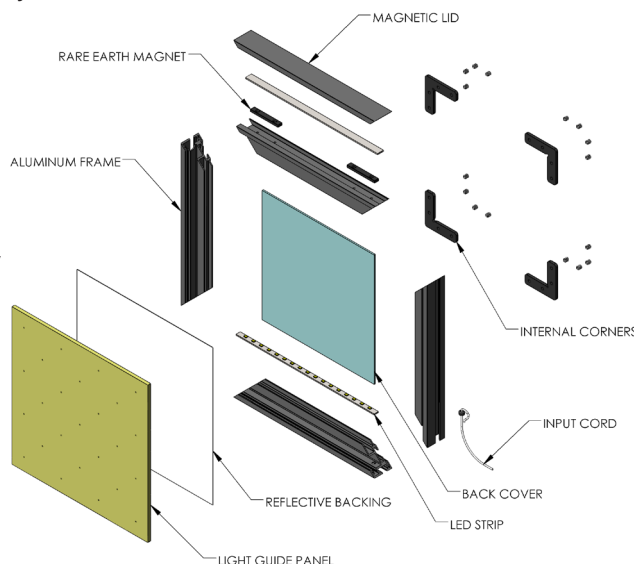

Backlit Header Panel

DESCRIPTION:

Lighting for Impact's Backlit Header Panel is a simple yet extremely effective illuminated signage product. Backlit panels come standard with a magnetic lid — making installation and changing of graphics a breeze. Most commonly mounted to standard gondola fixtures with steel brackets, you can use backlit panels to highlight promotional items, direct customers to specific categories, or simply for aesthetics and branding. This product can be seamlessly paired with Lighting for Impact's undershelf lighting to generate a complete look.

- Sizes available: 36" x 6" / 36" x 8" or 48" x 6" / 48" x 8"
- Durable yet slim aluminum frame – 1" thick housing
- Thin frame reveal – only ¼" wide
- T-slots around sides and back provide versatile mounting options
- Custom mounting brackets available
- Integrates seamlessly with standard Lighting for Impact power systems
- 5 Year Warranty
